Dear Race Participants,

Thank you all for your past participation in our Super Quik 5K, we could not have such success without your dedication to our event. With your help we have donated scholarship's to local student's to help with their college education.

It is with heavy hearts we have made the tough decision to cancel this year's Super Quik 5K, due to the Coronavirus outbreak. Unfortunately, there is no way to safely social distance during a 5K. We are taking great measures to ensure our employee's and customer's safety during this uncertain time. We would not feel comfortable hosting an event that could accidently risk someone's health.

Thank You,
